

HEALTH CANADA Registered & Certified (Reg. No. 28746)

Don't Let the Bed Bugs Bite!

Use in: Hotels, Motels, Restaurants, Offices, Hospitals, Residential Buildings, all Commercial and Industrial Sites.

**Effective and long-lasting insect control powder that aids in the complete control of
BED BUGS, COCKROACHES, ANTS, SILVERFISH, SPIDERS, AND ALL CRAWLING INSECTS.**

How it works

Diatomaceous Earth (DE) mode of action for insect and parasite control is strictly mechanical. The microscopically sharp edges contact the Insects piercing their protective coating, causing them to dehydrate and die. DE is an excellent and totally safe and natural control of bed bug infestations, with long term effectiveness. Absolutely no chemicals used in this product.

CONTAINS ONLY: Diatomaceous Earth and Food Grade
GUARANTEE: Silicon Dioxide 90% (Present as 100% Diatomaceous Earth)
